

SEAMLESS FLOORING SYSTEMS FOR GROW FACILITIES

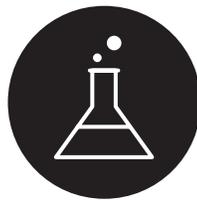

You need flooring that can withstand the day to day action in your grow facility. Dur-A-Flex's seamless flooring and wall systems offer smooth, durable, non-porous resinous coatings that are easy to clean and stand the test of time. Completely seamless from floor to wall with options for sloping, cove, and tying directly into drainage systems Dur-A-Flex has a flooring solution for your facility.

Dur-A-Flex provides a variety of seamless resinous flooring options, expert installation, and on-going support so you get a product that stands up to the toughest environments in your cannabis grow facilities.

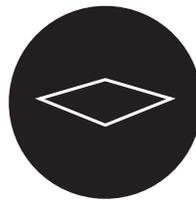

SLIP RESISTANT

Textured floors with a variety of options for non-slip additives to meet / exceed worker safety needs

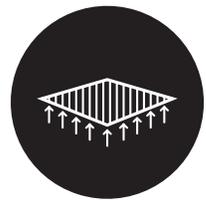

THERMAL / CHEMICAL RESISTANCE

Can withstand extreme temperature shifts and harsh chemicals of steam cleaning and sanitization wash-downs

SEAMLESS

Completely seamless flooring with no grout. Designed to work with integrated coves and drains to reduce standing water and bacteria growth.

MOISTURE MITIGATING

Installs in more environments, including those with high moisture levels up to 99% Relative Humidity

DUR-A-FLEX
INNOVATION FROM THE FLOOR UP

FLOORING OPTIONS TO CONSIDER IN YOUR FACILITY:

GOOD: DUR-A-GARD (20 MIL) WITH ARMOR TOP TOPCOAT

A seamless epoxy flooring system built for industrial and commercial applications, finished with a urethane topcoat which offers excellent wear resistance as well as stain and chemical resistance.

BETTER: DUR-A-GARD SL (60 MIL) WITH ARMOR TOP TOPCOAT

A seamless epoxy self-leveling system with a natural quartz aggregate broadcast. A urethane topcoat offers excellent wear, stain, and chemical resistance.

BEST: POLY-CRETE SLB WITH SHOP FLOOR/ARMOR TOP TOPCOAT (OR ACCELERA)

A seamless self-leveling cementitious urethane system that offers moisture mitigating properties, slip resistance, and thermal shock resistance. Adding a urethane topcoat ensures wear, chemical, and stain resistance.

Each room in your facility has specific needs that need to be met. Dur-A-Flex offers a wide range of flooring options that can accommodate each space. A Territory Sales Manager will be able to discuss which system would be successful in each area with you.
