SYSTEM OVERVIEW

DUR-A-GARD SL is a solid-color, self-leveling seamless flooring system consisting of 100% solids epoxy and a special blend of natural quartz aggregates and fillers. This system can be applied at variable thicknesses from 60 - 100 mils. Virtually unaffected by oil, grease, gasoline, strong detergents, salts, etc., Dur-A-Gard SL protects new concrete floors from industrial abuse as well as restores damaged concrete to better-than-new condition.

FEATURES & BENEFITS

• Stain Resistant

Reduces discoloration caused by common chemicals and cleaners

• Variable Build

Achieves self-level up to 100 mil

• Abrasion Resistant

Performance topcoat delivers superior toughness

• Easy Maintenance

Long-lasting performance and gloss finish without waxing
